This book should be returned on or before the date last marked below.

Author: Julian L. Ross
Title: Philosophy in Literature
Only literature can describe experience, for the excellent reason that the terms of experience are moral and literary from the beginning. Mind is incorrigibly poetical: not because it is not attentive to material facts and practical exigencies, but because, being intensely attentive to them, it turns them into pleasures and pains, and into many-colored ideas.

GEORGE SANTAYANA
