BEADS (ISSN: 0843-5499) is published annually by the Society of Bead Researchers, a non-profit, scientific-educational organization which aims to foster serious research on beads of all materials and periods, and to expedite the dissemination of the resultant knowledge. Subscription is by membership in the Society. Membership is open to all persons involved in the study of beads, as well as those interested in keeping abreast of current trends in bead research.

There are four levels of membership: Individual - \$15.00; Sustaining - \$35.00; Patron - \$75.00; and Benefactor - \$150.00 (U.S. funds). All levels receive the same publications and benefits. The Sustaining, Patron and Benefactor categories are simply intended to allow persons who are in a position to donate larger amounts to the Society to do so. Members receive the annual journal, *Beads*, as well as the biannual newsletter, *The Bead Forum*.

General inquiries, membership dues, address changes and orders for additional copies of this journal (available for \$12.50 plus \$2.00 postage) should be sent to:
