About the Journal

The EnglishUSA Journal focuses on theory and practice in the field of teaching English as a second/foreign language and serves as a medium for sharing best practices, addressing current issues and presenting research. Submissions will be received by the EnglishUSA Professional Development Activities Committee (PDAC), evaluated by peer-reviewers and published in an online journal to be shared with the EnglishUSA members and the wider ESL/EFL community. The EnglishUSA Journal is created for readers interested in English language teaching, administration and leadership at the post-secondary level. The journal is published twice/annually and features practical and theoretical content primarily focused on programs that serve language learners in proprietary programs or university-governed institutions. Featured articles support EnglishUSA's interest to represent, support and be the recognized voice of English language programs, emphasizing engagement, integrity, excellence and collaboration.
