This completed form is required for the submission of final Thesis Prep and Thesis Documents. For every project (individual or team), the thesis student(s) must obtain the Advisor’s signature on, and submit to Carol Pettinelli, a hard copy of this completed form prior to the deadline for submission of the Document.

As stated in the syllabi (please note that deadline below is later that stated in the syllabus):

“A final version of the Thesis Prep Document has been approved by the Advisor must be uploaded to the School archive no later than December 18 in order for the student’s earned grade (which is determined by the Advisory Group after the final Thesis Prep Review) to be posted with the registrar. A grade of “F” will be posted if no Thesis Prep Document is uploaded to the archive by the deadline.”

“A final version of the Thesis Document that incorporates the Committee’s suggested revisions at the Final Review and has been approved by the Advisor must be uploaded to the School archive no later than December 18 in order for the student’s earned grade (which is determined for each student by the Faculty who participate in that student’s final Thesis Review) to be posted with the registrar. A grade of “F” will be posted if no Thesis Document is uploaded to the archive by the deadline.”
