

NEITHER DO WE.

You may be far from campus, but you're never alone. Because anyone with 60 credits is automatically a member of a very special group—the Syracuse University Alumni Association.

And as with any great organization, membership has its privileges. Like a full slate of on-campus and regional activities to keep you connected. The ability to network via the Alumni Online Community.

Money-saving discounts. Access to job opportunities through the Center for Career Services. And much more.

So click for details. Visit our events calendar. Sign up for the online community. E-mail us or call 800.782.5867 to get involved. And remember—no matter where you go in life, we're there with you!
