The Syracuse University Alumni Association proudly presents:

The Official Syracuse University Grandfather Clock

The Syracuse University Alumni Association is proud to offer the Official Syracuse University Grandfather Clock. This beautifully designed commemorative clock symbolizes the image of excellence, tradition, and history we have established at Syracuse University.

Recognized the world over for expert craftsmanship, the master clockmakers of Ridgeway have created this extraordinary clock.

Special attention is given to the brass lyre pendulum which depicts the Official University Seal in deeply etched bas relief; a striking enhancement to an already magnificent clock. Indeed, the clock makes a classic statement of quality about the owner.

Each cabinet is handmade of the finest hardwoods and veneers in a process that requires over 700 separate steps and the towering clock measures an imposing 83"H x 23"W x 13"D. Finished in brilliant Windsor Cherry, the clock is also enriched with one of the most advanced West German timing mechanisms. Exceptionally accurate, such movements are found only in the world's finest clocks.

Enchanting Westminster chimes peal every quarter hour and gong on the hour. If you prefer, the clock will operate in a silent mode with equal accuracy.

Beveled glass in the locking pendulum door and the glass dial door and sides add to the clock's timeless and handsome design.

You are invited to take advantage of a convenient monthly payment plan with no downpayment or finance charges. Reservations may be placed by using the order form.
